1983

BRITISH MEDICAL ASSOCIATION : TAVISTOCK SQUARE : LONDON WC1H 9JR

Contents

No 1 March 1983

Effects of tap water lead, water hardness, alcohol, and cigarettes on blood lead concentrations S J POCOCK, A G SHAPER, MARY WALKER, C J WALE, BARBARA CLAYTON, T DELVES, R F LACEY, R F PACKHAM, AND P POWELL *page* 1

School meals and the rate of growth of primary school children R J RONA, S CHINN, and A M SMITH *page* 8

Concentration of 18:1 and 16:1 transunsaturated fatty acids in the adipose body tissue of decedents dying of ischaemic heart disease compared with controls: analysis by gas liquid chromatography LEO H THOMAS, J A WINTER, AND R G SCOTT *page* 16

Concentration of transunsaturated fatty acids in the adipose body tissue of decedents dying of ischaemic heart disease compared with controls LEO H THOMAS, J A WINTER, AND R G SCOTT *page* 22

Recent changes in salt use and stroke mortality in England and Wales. Any help for the salt-hypertension debate? RICHARD O CUMMINS *page* 25

Family history in "low risk" men with coronary heart disease R F HELLER AND M C KELSON *page* 29

Relation of blood pressure to reported intake of salt, saturated fats, and alcohol in healthy middle-aged population JUKKA T SALONEN, JAAKKO TUOMILEHTO, AND ANTTI TANSKANEN *page* 32

Blood pressure, ethnic group, and salt intake in Belize DAVID SIMMONS *page* 38

Salt and geographical mortality of gastric cancer and stroke in Japan SUMINORI KONO, MASATO IKEDA, AND MICHIHARU OGATA *page* 43

Queenscliff revisited: evaluation of a community screening campaign for hypertension DAVID CHRISTIE *page* 47

Risk indicators of reduction limb defects T ARO, O P HEINONEN, AND L SAXÉN *page* 50

Births and perinatal deaths in Australia: variations by day of week C D MATHERS *page* 57

Alcohol use, conception time, and birth weight JØRN OLSEN, PAMELA RACHOOTIN, AND ANNE VIBEKE SCHIØDT *page* 63

Time trends in motorcycle accidents in Britain ALISTAIR WOODWARD *page* 66

Predictors of mortality and disability in stroke K SHEIKH, P J BRENNAN, T W MEADE, D S SMITH, AND E GOLDENBERG *page* 70

Rubella immunisation history as a guide to immunity CHARLOTTE E PAUL AND ELIZABETH POOLE *page* 75

Analysis of completed reproductive histories: a cautionary tale JEAN GOLDING, N R BUTLER, AND R G NEWCOMBE *page* 78

Simplified exact analysis of case-referent studies: matched pairs; dichotomous exposure F D K LIDDELL *page* 82

Letters: Delayed effects of A-bomb radiation MICHAEL E GINEVAN, JEROME S PUSKIN, AND A M STEWART *page* 85

No 2 June 1983

Prediction of duration of breast feeding in primiparas H J WRIGHT AND P C WALKER *page* 89

Breast feeding, eczema, asthma, and hayfever BRENT TAYLOR, JANE WADSWORTH, JEAN GOLDING, AND NEVILLE BUTLER *page* 95

Family type and accidents in preschool children JANE WADSWORTH, IOANNA BURNELL, BRENT TAYLOR, AND NEVILLE BUTLER *page* 100

Trends in induced abortion in England and Wales JOHN R ASHTON, DAVID MACHIN, CLIVE OSMOND, RASARATNAM BALAJARAN, SHEILA A ADAM, AND STUART P B DONNAN *page* 105

Antenatal care in Maputo, Mozambique DIANA JELLEY AND RICHARD J MADELEY *page* 111

Twinning rates in Tamilnadu P S S RAO, S G INBARAJ, AND S MUTHURATHNAM *page* 117

Community variations in infant and child mortality in Peru BARRY EDMONSTON AND NANCY ANDES *page* 121

Risk factors for breast cancer: relevance to screening S W DUFFY, M MAUREEN ROBERTS, AND R A ELTON *page* 127

Belgian heart disease prevention project: comparison of self-reported smoking behaviour with serum thiocyanate concentrations MARCEL KORNITZER, ANNE VANHEMELDONCK, PIERRE BOURDOUX, AND GUY DE BACKER *page* 132

Determinants of plasma lipoproteins and coagulation factors in men from Caerphilly, South Wales J W G YARNELL, ANN M FEHILY, JANET MILBANK, A J KUBICKI, R EASTHAM, AND T M HAYES *page* 137

Serum lipids and glucose concentrations in subjects using antihypertensive drugs: Finnmark 1977 EGIL ARNESEN, DAG S THELLE, OLAV H FØRDE, AND OLE MJØS *page* 141

Time space distribution of childhood leukaemia in the Netherlands H A VAN STEENSEL-MOLL, H A VALKENBURG, J P VANDENBROUCKE, AND G E VAN ZANEN *page* 145

Infantile hypertrophic pyloric stenosis in Greater Manchester J P WALSWORTH-BELL *page* 149

A stochastic model of malaria transition rates from longitudinal data: considering the risk of "lost to follow-up" B L VERMA, S K RAY, AND R N SRIVASTAVA *page* 153

Summary of papers presented at the meeting of the Society for Social Medicine in Aberdeen, September 1982 *page* 157

Letters:

Respiratory illness in British schoolchildren and atmospheric smoke and sulphur dioxide JOHN R GOLDSMITH AND RAPHAEL TOEPLITZ *page* 165

Birth order as a quantitative expression of date of birth ROBERT NEWCOMBE *page* 167

No 3 September 1983

Trends in primary care in the United Kingdom R BALARAJAN, A STANNERS, AND D MACHIN *page* 169

Survival and functional capacity: three year follow up of an elderly population in hospitals and homes L J DONALDSON AND C JAGGER *page* 176

Medical care of asthma and wheezing illness in children: a community survey H R ANDERSON, P A BAILEY, J S COOPER, J C PALMER, AND S WEST *page* 180

Childhood disablement and family incomes SALLY BALDWIN, CHRISTINE GODFREY, AND FRANCIS STADEN *page* 187

ACORN group, social class, and child health MYFANWY MORGAN AND SUSAN CHINN *page* 196

Dental health status of recipients of community dental health services S GELBIER, J PACKHAM, S SIMMONS, AND I HOPES *page* 204

Parents seeking help after cot death. How atypical is their experience? NICOLA J CHRICHTON, S R LIMERICK, AND R G CARPENTER *page* 208

Effect of smoking, alcohol, and other factors on the selenium status of a healthy population BARBARA LLOYD, R S LLOYD, AND BARBARA E CLAYTON *page* 213

Tar, nicotine, and carbon monoxide yields of some Nigerian cigarettes A A AWOTEDU, T W HIGENBOTTAM, AND B O ONADEKO *page* 218

Prevention of neural tube defects in an urban health district D WATSON, M POW, A ELLAM, AND K COSTELOE *page* 221

A family study of Paget's disease of bone J A SOFAER, S M HOLLOWAY, AND A E H EMERY *page* 226

Admission to hospital for road trauma in patients with diabetes mellitus NICHOLAS H DE KLERK AND BRUCE K ARMSTRONG *page* 232

A case-control study of the aetiology of cryptorchidism A J SWERDLOW, KATHRYN H WOOD, AND P G SMITH *page* 238

Aetiology of hyperthyroidism in Canada and Wales IAN WILLIAMS, VIVIENNE O ANKRETT, JOHN H LAZARUS, AND ROBERT VOLPE *page* 245

No 4 December 1983

Relationship of cigarette smoking and social class to birth weight and perinatal mortality among all births in Britain, 5–11 April 1970 D RUSH AND P CASSANO *page* 249

Cigarette smoking and bladder cancer: an epidemiological inquiry in West Yorkshire R A CARTWRIGHT, R ADIB, I APPLEYARD, R W GLASHAN, B GRAY, P A HAMILTON-STEWART, M ROBINSON, AND D BARHAM-HALL *page* 256

Compliance with a class teaching breast self examination M W CALNAN, J CHAMBERLAIN, AND S MOSS *page* 264

Risk factors relevant to cystic breast disease: a case-control study S W DUFFY, M MAUREEN ROBERTS, AND R A ELTON *page* 271

Interpretation of disease time trends: is cancer on the increase? A simple cohort technique and its relationship to more advanced models M J GARDNER AND C OSMOND *page* 274

Malignant lymphomas in road transport workers R BALARAJAN *page* 279

Genetic analysis of multiple sclerosis in Shetland D F ROBERTS, M J ROBERTS, AND D C POSKANZER *page* 281

Seasonality of symptomatic bacterial urinary infections in women JOHN E ANDERSON *page* 286

Epidemiology of accidental home poisoning in Riyadh (Saudi Arabia) AWAD H MAHDI, SALAH ALI TAHA, AND M R AL RIFAI *page* 291

Use of multivariate measures of disability in health surveys J R H CHARLTON, D L PATRICK, AND H PEACH *page* 296

Mortality from thyrotoxicosis in England and Wales and its association with the previous prevalence of endemic goitre D I W PHILLIPS, D J P BARKER, P D WINTER, AND C OSMOND *page* 305
